## IAPMO Meeting – Thursday, June 24, 2010

### Southwest Gas & the Bypass Valve/Service Tee

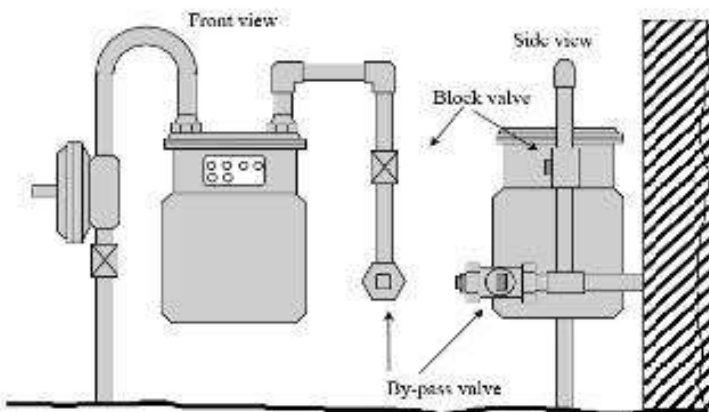

**Gary Vicente**, Supervisor/  
Customer Service, Southwest  
Gas Corporation will start his  
presentation with what is the  
bypass valve (service tee) on a  
natural gas meter.

**Southwest Gas** has had  
problems with plumbers tying in gas lines for  
tankless water heaters, or pool lines, or BBQ lines  
or other gas lines  
into this utility  
bypass (service)  
tee. This tie-in  
causes problems for the utility.

**After the bypass presentation**, Gary will answer  
your Southwest Gas questions. Some possible  
questions could be:

1. I have low house pressure at the furnace in a customer's home; can you up the pressure at the meter a bit to help this customer?
2. Do you have to upsize the meter with a tankless water heater?

3. Does Southwest Gas tie-in the house lines into one meter when we are joining two suites into one big suite?
4. What do you charge to move the meter?
5. What is the turnaround time from SWGas for a tie-in?

**Come to this month's** meeting and learn about  
gas meter bypass valves and all things gas.

The lunch is \$15.00, **non-members, company employees and guests are always invited, so bring a friend.** Just remember to RSVP to Bill Laub by Tuesday, **June 22, 2010.** If you RSVP and get on Bill's list you get one free raffle ticket.

#### Las Vegas Building Department Fee Study and Proposed Fees

**Chris Knight**, Building Official, will present the findings of a two year Building Permit Fee Study and Department recommendations for a new fee schedule, justifications and proposed timing.
